

SNACK DONATIONS: Each day STAR House Foundation provides snacks to the children participating in our program. Research from the Mayo Clinic staff states that healthier snacking not only curbs hunger throughout the day, but provides energy and important nutrients. You can help our students by providing a donation of nutritious snacks. This will help ease hungry tummies during the afterschool hours, making it easier for our students to focus on their academics.

STAR House currently serves nearly 300 students across grades K-8 in programs within four North Fulton schools. Each program serves between 60 – 75 students, therefore your donation for any individual program should be able to feed this number. Snacks should be individually packaged and easily stored, with no refrigeration required. **Ideal donations include fruit cups, granola bars, cereal bars, pudding cups, trail mix, applesauce cups or Squeezys, peanut butter crackers, pre-packaged muffins, healthy cereals (i.e. Cheerios), small bottled waters, crackers (Goldfish, graham crackers, Cheez-Its, and others) or cookies (sometimes provided as a special treat or for holiday celebrations!), etc. Other nutritious, non-perishable ideas are welcomed, as well as paper products for serving.**

To coordinate your donation, please contact Executive Director, Monica Oliveira, at monica.oliveira@starhousefoundation.org.

Thank you for supporting STAR House Foundation!
